PATIENT CONSENT FORM (HIPAA)

I understand that I have certain rights to privacy regarding my protected health information. These rights are given to me under the Health Insurance Portability and Accountability Act of 1996 (HIPAA). I understand that by signing this consent I authorize you to use and disclose my protected health information to carry out:

- 1. Treatment (including direct or indirect treatment by other healthcare providers involved in my treatment)
- 2. Obtaining payment from third party payers (e.g. my insurance company)
- 3. The day to day healthcare operations of your practice

I have also been informed of, and given the right to review and secure a copy of your Notice of Privacy Practices, which contains a more complete description of the uses and disclosures of my protected health information, and my rights under HIPAA. I understand that you reserve the right to change the terms of this notice from time to time and that I may contact you at any time to obtain the most current copy of this notice.

I understand that I have the right to request restrictions on how my protected health information is used and disclosed to carry out treatment, payment, and health care operations, but that you are not required to agree to these requested restrictions. However, if you do agree, you are then bound to comply with this restriction. I understand that I may revoke this consent, in writing, at any time. However, any use or disclosure that occurred prior to the date I revoke this consent is not affected.

FINANCIAL POLICY

Payment is due at the time of your appointment. For your convenience we offer the following methods of payments MasterCard, Visa, Discovery and American Express:
Credit card #
We will file for covered services for all insurance plans in which we participate. If you are covered by insurance, you will need to be prepared to pay your deductible and any co-payments at the time of your appointment. You will also need to have your complete insurance information with you.
Please contact your insurance carrier for your benefit information and whether or not services will be covered in our office. Please call your insurance company if you have any questions about your benefits. It is also important to note that some procedures will be covered under your medical insurance, while others are covered under dental insurance.
Any balance on your account not paid by your insurance carrier within 30 days will become your responsibility and payment will be due from you. We do all we can to provide pertinent medical/dental information on your claim. Please contact the customer service representative of your insurance plan if you are dissatisfied with your claim denial and fee your service should be covered.
If your account is unpaid within 45 days from the date of service, it will be sent to a collections agency with a 50% collections fee added.
Cash Patients
If you are unable to pay your bill in full at the time service is rendered we will be happy to arrange financing for you or create a customized payment plan allowing you to pay your full bill within one year. Please do not hesitate to ask us to set this up for you. If you are to have surgery under general anesthesia (asleep), we do require that you pay a down payment of \$500 by the date of your surgery. If you have any questions about our financial policy, please call us at 212 644-7009. Our staff is always willing to assist you.
Cancellation Policy
Appointments that are missed or cancelled with less than 24 hours notice not only prevent you from receiving care but also prevent others from being able to receive care at that time. For this reason such cancellations or missed appointments will result in a fee of \$100 . If your appointment was for a procedure under general anesthesia, the fee will be \$300. This fee may be waived if the reason for cancellation is beyond the control of the patient.
Collections and Legal Fees
If it becomes necessary for an account to be turned over to an attorney or collections agency the costs of such action will be the responsibility of the patient
